

Magnum Inverters

The MS Series Inverter/Charger is a pure sine wave inverter designed specifically for the most demanding mobile and off grid applications. The MS Series is powerful, easy-to-use, and best of all, cost effective. Install the MS Series in four easy steps: simply connect the inverter's output to your distribution circuits or electrical panel, connect your shore power cable (AC) to the inverter's easy-to-reach terminal block, connect the batteries, and switch on the power.

Excellent battery charging performance and power quality, with plug and play simplicity. This is how an inverter should be! Magnum Energy is a leading manufacturer of premium inverter/chargers for Mobile and Renewable Energy applications. With more than 70 years of combined inverter manufacturing and design experience, Magnum Energy has used this experience to develop some of the industry's most reliable and advanced inverter/chargers.

Types of Magnum Inverters

MS Series Inverter/Charger:

Pure sinewave power for your sensitive electronics. The MS Series is designed for both mobile and off-grid applications. Competitively priced, the MS Series is available in 2000, 2800 and 4000 watt models.

MS-AE Series Inverter/Charger:

Pure sinewave power for your sensitive electronics. The MS-AE Series is designed to provide 120 and 240 volt output in one unit, eliminating the need to stack two units together to get 240 volts. Available in a 4000 watt (24Vdc) and 4400 (48Vdc) watt models.

The Magnum inverter/chargers are ideal for the remote camp, RV, or home.

A basic system starts at \$6,395.00 and includes:

- 2000 Watt Sine Wave Inverter/Charger 120 Volts
- Black and red AC input terminal busbars
- Black and red AC output terminal busbars
- Red terminal bus bars for PV+ and Bat+
- Six additional din rail slots
- 500A shunt
- Ground Busbar
- Remote bracket
- Wall mounting brackets
- Charge control mounting bracket
- 120/240 AC bypass switch pre-wired
- 120/240 AC input disconnect pre-wired
- Digital LCD Display Remote Panel w/50' Cable
- Set of Inverter Cables 10' Long 2/0
- Solar Array Circuit Breakers
- Conduit Box
- Shipping
- 2 - 125 Watt Modules
- 2 - 20 Amp PV Circuit Breakers
- Module Frame
- Array Combiner Box
- C-40 Charge Controller
- 3 - Weather Tight Connectors
- 4 - Trojan 6 Volt batteries
- 4 - 16" long 2/o battery cables
- Battery Freight
